

7th Regional Science and Technology Congress 2025

Region 3 | Rampurhat College Campus, Birbhum
10th – 11th January 2025

The **Rampurhat College, Rampurhat**, in collaboration with the **Department of Science and Technology and Biotechnology, Government of West Bengal**, is proud to host the **7th Regional Science and Technology Congress 2025** for **Region 3**. This prestigious event will take place on **10th–11th January 2025** at the **Rampurhat College Campus, Rampurhat, Birbhum, West Bengal-731224**.

This Regional Congress is a significant **precursor** to the **32nd West Bengal State Science and Technology Congress**, scheduled for **28th February – 1st March 2025**. It aims to provide an exceptional platform for **scientists, researchers, and professionals** to present **cutting-edge research, share innovative ideas**, and collaborate on advancements across diverse scientific disciplines.

Event Highlights

- **Keynote Address**
Delivered by **Prof.Naba Kumar Mondal**, INSA Senior Scientist at *Saha Institute of Nuclear Physics, Kolkata* – an internationally renowned physicist and a distinguished leader in the field.
- **Memorial Lectures**
- To honor India's illustrious scientific pioneers, distinguished scholars will deliver lectures on recent advancements in science and technology:
 - **Professor Prasanta Chandra Mahalanobis:**
Delivered by **Prof.Suman Kumar Dhar**, Vice Chancellor, *TERI School of Advanced Studies, New Delhi*.
 - **Sir Jagadish Chandra Bose:**
Delivered by **Dr.Somenath Dutta**, Scientist G, *Regional Meteorological Centre, Kolkata*.
 - **Sir Chandrasekhara Venkata Raman:**
Delivered by **Prof.UjjwalMaulik**, Professor, *Department of Computer Science and Engineering, Jadavpur University*.
- **Research Paper Presentations**
- Approximately **350 scientists, professionals, and scholars** will present their **latest research findings**, fostering knowledge exchange, innovation, and meaningful collaborations.

We warmly invite **faculty members, students, researchers, and scholars** of **Region 3** to actively participate in this distinguished congress. Let us come together to explore **new frontiers in science and technology**, engage in thought-provoking discussions, and celebrate **innovations** that pave the way for sustainable progress.

Your presence and participation will enrich this academic gathering, where curiosity inspires collaboration, and innovation drives the future.

All are cordially invited to join this transformative event!
